

FIVE-MINUTE BEAUTY FIX

Think fast. You have only have 5 minutes to freshen up when you could really use 25 – or more. Try these secrets from the pros at Mario Tricoci Hair Salons & Day Spas to look your best in a flash:

Hair

- **Add Volume.** If your hair needs a boost in a hurry, try large Velcro rollers – set with a shot of heat – or a large barrel curling iron to get you the lift you need. No time for the tools? Try Texture Twist by Pureology. Run a small amount of this product through your hair, style and go for extra lift and beautiful, natural-looking hold.
- **Shine On.** Glossy, frizz free locks always say “put together”. Get the look with Shinemax by Pureology – a weightless, alcohol-free serum that instantly smoothes fly-aways and adds vibrant shine. Or try Match Radiant Spray, an ultra light spray for all hair types that delivers all day brilliant shine and controls frizz.

Make-Up

- **High Impact Touch-Ups.** You don’t need a lot of make-up – you just need the right kind of make-up to make a big difference in a snap. Try these six steps for a beautiful face under a time crunch:
 1. Clean up around your eyes with a highly pigmented concealer like Wundercover
 2. Smooth and even out your complexion with a powder like *COSE* Custom Blend Mineral Powder
 3. Add a dash of blush or bronzer to give your skin some life and make you glow
 4. Touch up your brows, which will focus attention on your eyes and give your face balance. Try a product like Wonderbrow to fill them in or define the shape.
 5. Use an eye pencil and a mascara to make your eyes pop. Xtreme Glideliners and MASCARONE are favorites.
 6. Add a touch of gloss and you’re ready to roll!
